FixProductPhotos

COMPANY BROCHURE

Bulk Product Photo Editing for E-Commerce & Estate Auction Houses

Clean, consistent, ready-to-use images at scale — ghost mannequin, background removal, retouching, upscaling, focus stacking, and auction/estate cataloging. Every image hand-edited and quality-checked by a second editor.

OUR SERVICES

Everything Your Product Photos Need

From a single clipping path to full batch retouching for a thousand-SKU catalog — our editors handle the full range of e-commerce and auction photo editing.

Ghost Mannequin & Apparel
Invisible-mannequin editing with clean neck, sleeve, and bottom joints.

Background Removal
Clipping path and pure white / transparent backgrounds for marketplace compliance.

High-End Retouching
Skin, fabric, and jewelry retouching with natural, non-plastic results.

Wrinkle & Crease Removal
Clean, professional apparel look while keeping fabric texture natural.

Image Upscaling
Sharper detail and higher resolution without an artificial look.

Focus Stacking & HD Composition
Edge-to-edge sharpness for jewelry and detailed product shots.

HOW IT WORKS

1

Start Your Free Trial
Send us 3 photos and see our editing quality firsthand — no payment required.

2

We Edit It
Our editors retouch every image by hand, then a second editor checks it against our quality checklist.

3

Get Your Photos
Download your finished, print- and web-ready images — most orders ship within 24 hours.

Free Trial
3 photos edited free before you commit.

Money-Back Guarantee
Not happy with a batch? We'll make it right or refund it.

Fast Turnaround
Most orders ship within 24 hours.

Human-Checked
Every image reviewed by a second editor, not just AI filters.

INDUSTRIES WE SERVE

Jewelry · Auction & Estate · Apparel · Eyewear · Footwear · Accessories · Furniture

MARKETPLACES WE EDIT FOR

Amazon · Etsy · Shopify · eBay · Walmart · Temu

Ready to see the difference?
Send 3 raw photos and get them back fully edited — free, no commitment.
